1414 Meetinghouse Rd. Boothwyn, PA 19061 Phone: 610-521-8770 Fax: 610-874-0396

**APPLICATION INSTRUCTIONS – PLEASE READ THIS PAGE CAREFULLY BEFORE COMPLETING APPLICATION**

Please complete and sign the application as instructed below.

**Automatic Financial Eligibility:** This applies to 4 situations (verification on agency letterhead required):

1. If any member of the household receives or has received **TANF / LIHEAP/ SECTION 8/ SSI** (supplemental security income) at any time within the past 12 months.
2. Please send verification of the benefit that you or a family member receives along with your application. You can obtain documentation of your **TANF/LIHEAP** benefits by calling DHS Customer Service on 1-877-395-8930. For **SSI** benefits please call 1-800-772-1213. For **SECTION 8** verification call your local Section 8 Housing Choice Voucher Program.

**INCOME:**

- Gross income of all household members needed 12 months (backwards from the date client signed page 2 of application) or one month of gross income (the month prior to application). Self-employed income eligibility will be based on net income.
- Verification of Social Security benefits may be obtained by calling Social Security at 1-800-772-1213 (benefit verification letter or form SSA-3288, proof of income letter, or notice of benefit amount). 1099 Forms are acceptable.
- If anyone has received unemployment compensation, a letter from the Unemployment Office is necessary. You must also submit a Benefit Payment History printout from the Unemployment Office or from the Unemployment website. You may also call 1-888-313-7284 to request this information.
- CHILD SUPPORT and FOSTER CARE PAYMENTS **do not count** as income under this State & Federal funded program.
- An **Affidavit of No Income** is required for **anyone age 18 & over who had no income at any period of time within the past (12) months** of the application date. This affidavit must be **Notarized** unless photo ID is verified in person with a member of the Weatherization Intake staff.

**PHOTO ID:** A copy of your driver's license or other government-issued photo ID must be submitted. It must include your name and photograph.

**OWNERSHIP:** If you own your home, we require proof of ownership. Please send a copy of your deed or your real estate tax bill. **PERMISSION FORM AND WEATHERIZATION AGREEMENT FORM:** Please sign.

**RENTERS:** If you rent, you must submit a copy of the rental lease or rent receipts showing the amount of rent paid per month.

- **PERMISSION FORM AND WEATHERIZATION AGREEMENT FORM:** The owner and renter must sign.
- **LANDLORD / TENANT AGREEMENT:** The owner/landlord and tenant must sign the form. This form must be **Notarized** unless the photo ID is verified in person with a member of the Weatherization Intake staff. **Additional information will be required for applicants who reside in buildings with more than one unit/apartment; See Permission and Landlord Tenant Agreement.**

**CLIENT SIGN-OFF PROXY LIST:** Please read, complete, sign, and return to the office.

**HEATING AND HOME ENERGY USAGE:** In order to process your application, we need to determine your heating and home energy usage. Please sign the **Release for Energy Usage Verification.**

- You must include a copy of your most recent energy bill statement from (PECO, MET-ED, PP&L or UGI). Please be sure to include all pages of your energy bill statement including the **Usage Profile** graph.
- If you use oil, propane, kerosene for heat, please contact the provider and request an official printout of the number of gallons used over the previous 12 months.

**IDENTIFICATION OF OCCUPANT HEALTH CONDITIONS:** Please complete up to and including the portion of this page stating "Sign and Date at time of Application" sign, and return to the office.

**POTENTIAL DEFERRAL OF WEATHERIZATION SERVICES, CLIENT APPEALS AND CLIENT COMPLAINT FORMS:** Please read, sign and return to the office.

**THE FINAL THREE PAGES ARE DOCUMENTS THAT YOU SHOULD KEEP FOR YOUR RECORDS**

*\* PLEASE CALL THE OFFICE AT 610-521-8770 WITH ANY QUESTIONS REGARDING THE APPLICATION AND REQUIRED DOCUMENTATION.*

**PERMISSION AND WEATHERIZATION AGREEMENT FORM**

The Owner/Tenant of the dwelling located at \_\_\_\_\_ hereby permits representatives of CAADC, Inc. to enter the property listed above, for all aspects of the Weatherization Process as outlined below. If the client is a renter, a Landlord / Tenant Agreement must also be completed.

1. Home Energy Audit – Assessment of the home for potential weatherization services. The client must be present for this visit. Auditor visually inspects the building shell and mechanical systems; conduct diagnostic, health and safety tests; records the location, condition, and dimensions of walls, ceilings, floors, windows, doors, and mechanical systems. Auditors will review Energy Saving Methods and provide education. Home Energy Audits typically takes two (2) to four (4) hours.
2. Weatherization Work – Installation of measures by the weatherization crew based on the Home Energy Audit. The work may take one (1) to three (3) days or more, with each visit lasting two (2) to seven (7) hours long. When complete, the Crew Chief will conduct a walk-through of the home with the client to explain the measures installed. The house may also need work from a sub-contractor specializing in heater or mechanical work which will be scheduled by the specific sub-contractor.
3. Post Inspection – Internal follow-up inspection conducted to ensure quality of work that is based on the Home Energy Audit. The Inspector will also perform diagnostic, and health and safety testing. A Post Inspection may take two (2) to four (4) hours. If the Contractor is called back, then another Post Inspection will take place.
4. Quality Control Inspection – A final inspection, called a QCI, is conducted by a State Certified Quality Control Inspector. A Quality Control Inspector is a residential energy efficiency professional who ensures the completion, appropriateness, and quality of energy upgrade work by conducting a methodological audit/inspection of the building, performing safety and diagnostic tests, and observing the work. A QCI Inspection may take two (2) to four (4) hours.
5. Local, State and/or Federal Officials for the purpose of inspecting above work.

**IT IS A FEDERAL REGULATION THAT ALL WEATHERIZATION PROGRAM WORK IS QUALITY CONTROL INSPECTED. PARTICIPANTS ARE REQUIRED TO ALLOW ALL INSPECTIONS TO TAKE PLACE.**

If you do not comply with all inspections, you will lose your eligibility in the program and may become responsible for all payments due to the Contractors and the Agency.

By signing below, I am agreeing that I have read and understand the above information pertaining to the Weatherization Program and the required inspections. I agree that I will allow all required work and inspections be completed in a timely manner at my home. I understand that if I do not comply with all inspections that I may be held responsible for payments due to the Contractors and the Agency. The Owner understands that neither the agency, nor its representatives shall be liable for any personal injury or damage to the property that is not caused by the negligence of our employees or subcontractors. Once approved for Weatherization, all clients must make themselves or their designated proxy available for all steps in the Weatherization process.

**LANDLORD AGREEMENT**

Tenant \_\_\_\_\_

Owner \_\_\_\_\_

Address \_\_\_\_\_

Address \_\_\_\_\_

*A Landlord / Tenant Agreement is required for all clients living in Rental Units. The Weatherization Assistance Program, funded through the Department of Community and Economic Development, the Department of Energy and the Low-Income Energy Assistance Program may provide caulking, weather stripping, insulation of the attic, ventilation, replacing panes of glass, and pipe wrap are available. A test will also be performed on the home's Gas or Oil heater to make sure it is operating efficiently. No undue or excessive enhancement shall occur to the value of your dwelling unit and the measures installed must primarily benefit tenants who can qualify as eligible clients.*

*In signing this agreement, the owner acknowledges their tenant client is current with all rent due. The client is responsible for providing proof of the monthly rent due in the form of: canceled rent checks or a lease indicating monthly rent.*

*The owner understands, there is absolutely no charge for Single-Family homes (mobile, single, duplexes and row homes). The owner may have two single-family homes weatherized before CAADC, Inc. requests a financial contribution. However, CAADC, Inc. cannot not deny your tenant should you refuse to provide a contribution. **If the client lives in a building that contains more than one unit (2 to 4 units), we will request all other tenants to apply. If other tenants choose not to apply, we will require their cooperation throughout the weatherization process (see permission and weatherization agreement form).***

*An agreement is signed by both the owner and the tenant to ensure that the rent shall not be raised for a period of eighteen (18) months following the completion of the work unless it can be demonstrated that such rent increases or eviction is related to matters other than the weatherization work performed. Example: increase in taxes may cause the rent to increase, not to exceed the cost of the tax increase or the tenant does not comply with obligations and responsibilities owed to the property owner. All parties understand that this agreement is a legally binding contract.*

*As a tenant you may be eligible to receive the benefit of a Federal Program to help save and conserve energy. The Delaware County Weatherization Program, a government funded organization and the Low-Income Energy Assistance Program will provide improvements to the premises. Caulking, weather stripping, insulation of the attic, venting, replacing panes of glass, hot water heater wrap and pipe wrap are available. A test will also be performed on the home's Gas or Oil heater to make sure it is operating efficiently.*

*The tenant understands there is absolutely no charge for this service now or in the future. The tenant further understands that neither the Agency nor its representatives shall be liable for any personal injury or for any damage to personal or real property that is not caused by the negligence of our employees or subcontractors. **If the tenant lives in a building that contains more than one unit (2 to 4 units), we will request all other tenants to apply. If other tenants choose not to apply, we will require their cooperation through-out the weatherization process (see permission and weatherization agreement form).***

*An agreement is signed by both the owner and the tenant to ensure that the rent shall not be raised for a period of eighteen (18) months following the completion of the work because of the installation of energy conservation materials provided by the Weatherization Assistance Program. (Exception: increase in taxes may cause the rent to increase, not to exceed the cost of the tax increase). Also, to prohibit the eviction of the client for a period of eighteen months due to improvements, and as long as the client complies with all ongoing obligations and responsibilities owed to the property owner.*

*Please sign and return this form along with a current rental lease as soon as possible. In doing so, the tenant acknowledges they are current with rent. If you have any questions, please call us.*

**NOTIFICATION OF POTENTIAL DEFERRAL OF WEATHERIZATION SERVICES FORM**

**PLEASE READ, SIGN AND DATE**

*The Pennsylvania Weatherization Assistance Program is providing you with this information in the event that your application is deferred. If an application is deferred, the applicant's home will not receive weatherization services until after the reason(s) for deferral have been corrected and a new application is submitted. Listed below are reasons why an application may be deferred:*

- Reported household income may exceed federal poverty guidelines set for the program;
- The house has been condemned or has electrical, heating, plumbing, or other equipment issues which have caused the local or state building officials or utilities to prohibit work in the building;
- The property becomes owned by a bank or other financial entity or is in foreclosure proceedings;
- The property becomes for sale or rent or unoccupied or the client is moving or scheduled for sheriff sale;
- The building structure or its mechanical systems are in such a state of disrepair that the conditions cannot be resolved cost-effectively;
- The structure is not secured to a permanent foundation and connected to utilities;
- The structure is a camper, recreational vehicle, boat, railroad car, bus, or other structure which does not have a mailing address and is designed and constructed as temporary, non-stationary, living quarters.
- Dangerous conditions exist due to high carbon monoxide levels in combustion appliances that cannot be resolved under existing health and safety measures and with only minor repairs;
- The dwelling unit or surrounding property exhibits problems with pet containment;
- The extent of and condition of lead-based paint or friable asbestos in the house would create further health and safety hazards.
- Moisture problems are so severe that they cannot be resolved under existing health and safety measures and with only minor repairs;
- The client denies access to every room at unit;
- Criminal behavior is observed in the household;
- The client refuses critical weatherization measures;
- The client creates a health and safety issue and refuses to correct the problem, or the dwelling unit has sewage or sanitary problems which will further endanger the client and installers;
- The client refuses recommended health and safety measures;
- The client or a household member acts in an uncooperative, threatening or abusive manner;
- The client has known health problems which preclude insulation or other weatherization materials from being installed;

- If testing is done with other funding, test results must be included for lead paint, asbestos, and Radon. If Radon testing is known, defer home if over 4pCi/L.

## Client Appeals Process

Appeals should be followed in numerical order as listed below, with the client only proceeding to the next level of appeal if the previous level did not adequately satisfy the client's concerns. This process is being provided to you at the time of application in the event you disagree with any decision made regarding your home.

1. Contact Mr. Tom Heckman, Weatherization Program Manager:  
Phone: 610-521-8770, Address: 1414 Meetinghouse Road, Boothwyn, PA 19061, theckman@caadc.org  
If you are still not satisfied with the outcome, you may:
2. Contact Mr. Edward Coleman, Chief Executive Officer of CAADC, Inc.:  
Phone: 610-833-4442, 1414 Meetinghouse Road, Boothwyn, PA 19061, ecoleman@caadc.org  
If you are still not satisfied with the outcome, you may:
3. Department of Community and Economic Development, Center for Community Services. The office should only be contacted regarding a formal appeal/complaint in writing and only in cases that have escalated beyond all other attempts at resolution. **Submission must include details regarding the subgrantee's involvement and responses to the client appeal/complaint.** Contact:  
**Center Director:** Director of Community and Economic Development,  
Center for Community Services, Commonwealth Keystone Building,  
400 North Street, 4<sup>th</sup> Floor, Harrisburg, PA 17120-0225

## Client Complaint Process

This process is being provided to you at the time of application in the event you are not happy with the quality of work, workmanship or CAADC, Inc.'s ability to service your home. Complaints received within 12 months of the completion date can be addressed. Should you have a complaint on the work and quality of workmanship, please follow this process:

1. Contact Mr. Tom Heckman, Weatherization Program Manager:  
Phone: 610-521-8770, Address: 1414 Meetinghouse Road, Boothwyn, PA 19061, theckman@caadc.org  
Your complaint will be tracked and documented in your client file.
2. You will receive a call from the Program Manager in a timely fashion. During this call, the issue will be reviewed with you and follow-up appointment will be scheduled with an Auditor if necessary.
3. If required, a work order will be written and corrections completed.
4. The resolution will be tracked internally and documented in your client file.

## Client Guidance for Filing a Formal Complaint with DCED

When should you file a complaint/appeal with DCED?

If you have tried to resolve the issue yourself and you have exhausted all your efforts to resolve the issue without success.

Steps to follow when filing the formal complaint:

1. Identify the problem. What has been done to resolve the problem and what are your expectations to resolve the problem? What is a fair solution to the problem?

2. Gather the information regarding the problem and what has been done to resolve it. Who has been contacted? What was their response? Keep notes regarding who you talked to when you talked to that person, and what was said.
3. Writing the formal complaint/appeal must include:
  - a. Your name and complete address, best phone number to reach you and an email address (if possible)
  - b. The agency name and address
  - c. Name of the people at the agency with whom you spoke
  - d. Describe your complaint briefly, remember to include what happened, who was there, and when it happened.
  - e. Describe what has been done so far to resolve the issue, who has been contacted, when were they contacted, and what was their reply?
  - f. What are your expectations to resolve the issue? Are your expectations possible and reasonable?

Other tips for writing the letter:

1. Remember to include important facts about the services received.
2. Avoid angry, sarcastic or threatening language.
3. Type your letter, if possible. If handwritten, make sure the writing is clear.

Your signature below indicates you have read, received a copy and understand the Appeal and Complaint Processes above at the time application.

The following pages do not need to be mailed back to our office. Please keep this information for your records.

**PERMISSION AND WEATHERIZATION AGREEMENT – CLIENT COPY**

*The Owner/Tenant hereby permits representatives of CAADC, Inc. to enter the property listed above, for all aspects of the Weatherization Process as outlined below. If the client is a renter, a Landlord / Tenant Agreement must also be completed.*

1. Home Energy Audit – Assessment of the home for potential weatherization services. The client must be present for this visit. Auditor visually inspects the building shell and mechanical systems; conducts diagnostic, health and safety tests; records the location, condition, and dimensions of walls, ceilings, floors, windows, doors, and mechanical systems. Auditors will review Energy Saving Methods and provide education. Home Energy Audits typically take two (2) to four (4) hours.
2. Weatherization Work – Installation of measures by the weatherization crew based on the Home Energy Audit. The work may take one (1) to three (3) days or more, with each visit lasting two (2) to seven (7) hours long. When complete, the Crew Chief will conduct a walk-through of the home with the client to explain the measures installed. The house may also need work from a sub-contractor specializing in heater or mechanical work which will be scheduled by the specific sub-contractor.
3. Post Inspection – Internal follow-up inspection conducted to ensure quality of work that is based on the Home Energy Audit. The Inspector will also perform diagnostic, and health and safety testing. A Post Inspection may take two (2) to four (4) hours. If the Contractor is called back, then another Post Inspection will take place.
4. Quality Control Inspection – A final inspection, called a QCI, is conducted by a State Certified Quality Control Inspector. A Quality Control Inspector is a residential energy efficiency professional who ensures the completion, appropriateness, and quality of energy upgrade work by conducting a methodological audit/inspection of the building, performing safety and diagnostic tests, and observing the work. A QCI Inspection may take two (2) to four (4) hours.
5. Local, State and/or Federal Officials for the purpose of inspecting above work.

**IS A FEDERAL REGULATION THAT ALL WEATHERIZATION PROGRAM WORK IS QUALITY CONTROL INSPECTED. PARTICIPANTS ARE REQUIRED TO ALLOW ALL INSPECTIONS TO TAKE PLACE.**

If you do not comply with all inspections, you will lose your eligibility in the program and may become responsible for all payments due to the Contractors and the Agency.

I am agreeing that I have read and understand the above information pertaining to the Weatherization Program and the required inspections. I agree that I will allow all required work and inspections be completed in a timely manner at my home. I understand that if I do not comply with all inspections that I may be held responsible for payments due to the Contractors and the Agency. The Owner understands that neither the agency, nor its representatives shall be liable for any personal injury or damage to the property that is not caused by the negligence of our employees or subcontractors. Once approved for Weatherization, all clients must make themselves or their designated proxy available for all steps in the Weatherization process.

## Client Appeals Process

Appeals should be followed in numerical order as listed below, with the client only proceeding to the next level of appeal if the previous level did not adequately satisfy the client's concerns. This process is being provided to you at the time of application in the event you disagree with any decision made regarding your home.

## NOTIFICATION OF POTENTIAL DEFERRAL OF WEATHERIZATION SERVICES FORM

### PLEASE READ, SIGN AND DATE

*The Pennsylvania Weatherization Assistance Program is providing you with this information in the event that your application is deferred. If an application is deferred, the applicant's home will not receive weatherization services until after the reason(s) for deferral have been corrected and a new application is submitted. Listed below are reasons why an application may be deferred:*

- Reported household income may exceed federal poverty guidelines set for the program;
- The house has been condemned or has electrical, heating, plumbing, or other equipment issues which have caused the local or state building officials or utilities to prohibit work in the building;
- The property becomes owned by a bank or other financial entity or is in foreclosure proceedings;
- The property becomes for sale or rent or unoccupied or the client is moving or scheduled for sheriff sale;
- The building structure or its mechanical systems are in such a state of disrepair that the conditions cannot be resolved cost-effectively;
- The structure is not secured to a permanent foundation and connected to utilities;
- The structure is a camper, recreational vehicle, boat, railroad car, bus, or other structure which does not have a mailing address and is designed and constructed as temporary, non-stationary, living quarters.
- Dangerous conditions exist due to high carbon monoxide levels in combustion appliances that cannot be resolved under existing health and safety measures and with only minor repairs;
- The dwelling unit or surrounding property exhibits problems with pet containment;
- The extent of and condition of lead-based paint or friable asbestos in the house would create further health and safety hazards.
- Moisture problems are so severe that they cannot be resolved under existing health and safety measures and with only minor repairs;
- The client denies access to every room at unit;
- Criminal behavior is observed in the household;
- The client refuses critical weatherization measures;
- The client creates a health and safety issue and refuses to correct the problem, or the dwelling unit has sewage or sanitary problems which will further endanger the client and installers;
- The client refuses recommended health and safety measures;
- The client or a household member acts in an uncooperative, threatening or abusive manner;
- The client has known health problems which preclude insulation or other weatherization materials from being installed;

- If testing is done with other funding, test results must be included for lead paint, asbestos, and Radon. If Radon testing is known, defer home if over 4pCi/L.
- Other Must Specify: \_\_\_\_\_
